

Are your cameras, intercoms, and locks truly integrated

— or just coexisting?

A Fully Integrated Detention Security & Life Safety Ecosystem

Separation Creates Risk

In detention facilities, *separation* between electrical, security, and fire systems *creates risk*

One command center. One integrated backbone. One accountable partner.

- DEC & SEC Detention Center Contractor
- Electrical Contractor
- Low Voltage Infrastructure Communications Contractor
- Fire Alarm & Fire Suppression Contractor

- Designed as one ecosystem
- Installed by one integrator
- Maintained under one service platform
